

# Homeschooling Education Plan Information

## Responsibilities of parents / guardians:

- To submit an education plan for School Board consideration;
- To provide an educational experience equivalent to that provided by the School Board;
- To maintain a portfolio clearly demonstrating the teaching, learning and assessment experiences during the term of the Homeschooling Understanding;
- To arrange for the child to attend the evaluation sessions as scheduled by the school.

## Responsibilities of the School / School Board:

- To evaluate the education plan to determine if the educational experience will be equivalent to what is provided in the School Board's schools.;
- To annually evaluate the child's learning during and at the end of the school year.

NOTE: It is not the responsibility of the school to provide in a regular and continual manner, instructional materials such as class assignments, work sheets, books and assignments.

## The Evaluation Procedure:

The evaluation will be conducted by the school team or education services prior to June 30th of the applicable year. It will include a review of the evidence of teaching, learning and assessment as reflected in the portfolio maintained during the term of the school year. Tests may also be administered if in agreement. Assessments may be flexible to ensure that the child does not feel threatened by the exercise.

## The Components of the Education Plan:

The education plan is a precise description of the academic objectives for each subject to be taught during the term of the school year: The education plan must reflect the Québec Education Program and specify:

- The cycle level;
- The teaching materials and other support materials to be used for each subject;
- How the competencies of the Québec Education Plan will be addressed;
- The nature and extent of the on-going evaluation that will serve the teaching and learning process.

In developing the Education Plan for their child, parents should consult the MEES website at <http://www.mels.gouv.qc.ca> as well as the Québec English Schools Network at [www.learnquebec.ca](http://www.learnquebec.ca)
