Expected dates to receive the final June 2019 marks in a course

Secondary 4/Grade 10 Math, History & Science as well as Secondary 5/Grade 11 English and French have Ministry of Education (MELS) uniform final exams in June. School marks for these courses are moderated by the Ministry of Education, and the final mark in these courses is determined by the Ministry, **NOT** by the particular school. Consequently, the final June mark in these courses is **NOT** given on the FINAL SCHOOL REPORT – instead, the final mark for these courses is given on the Ministry of Education Statement of Marks, which you should receive by mail during the first or second week of July.

The school regulates all courses other than those mentioned above. The final mark for these courses appears on the final school June report card, which you should receive during the first week of July. Thus, some students may have to register for a summer course before they know if they need to take it. STUDENTS/PARENTS can call or come in to summer school to inquire about marks if you have not received your transcript. If a student registers for a summer course, then finds out from either the school report or the Ministry of Education report that it is not necessary, there will be a full refund.

Refund Policy and Attendance Policy

Full refund

If a summer course is cancelled or if a student registers for a summer course and then finds out from either the school report or the Ministry of Education report that they have in fact **passed** the course, they will be refunded for the course.

Partial refund

If a student withdraws from a course for a reason other than course cancellation, they will receive a partial refund.

No refund

There will be no refund if a student withdraws (or is expelled from Summer School) from a course for any other reason than those stated above.

Attendance

Students are expected to attend 100% of their summer school courses, unless there is a medical emergency, accompanied by a medical note.
