

Immunization

Dear parents,

You have just registered your child in kindergarten for the following school year. According to the Québec Immunization Protocol, your child :

- ✓ Should have received **four** doses of vaccine against diphtheria, whooping cough, tetanus, poliomyelitis and Haemophilus influenzae type B ;
- ✓ Should receive his/her vaccine against diphtheria, whooping cough, tetanus and poliomyelitis **between the ages of 4 and 6** ;
- ✓ Should have received **two** doses of vaccine against measles, rubella and mumps at 12 months of age or later ;
- ✓ Should have received **two** vaccines against varicella (chicken pox) at 12 months of age or later (children born since April 1, 2009), **unless he/she had the disease after 12 months of age** ;
- ✓ Should have received at least one dose of vaccine against meningococcal serogroup C infection at 12 months of age or later.

If you have missed one or more of your child's vaccinations, you may contact your family physician or any of the following locations of the CISSS de l'Outaouais :
