

December 2021

Subject: Immunization

Dear parents,

You have just registered your child for kindergarten for the upcoming school year. Following Quebec's immunization guidelines, it is recommended that children aged 4 to 6 receive the following vaccines:

- dTap-polio (a booster vaccine combining diphtheria, tetanus, pertussis and polio)
- Varicella (a booster vaccine for varicella a.k.a chickenpox)

School entry is a great time to make sure your child has received and receives all recommended immunizations. Family doctors and CLSC immunization nurses will assess vaccination history (vaccination booklet and Quebec vaccination registry) and will proceed with immunization as needed.

Please contact your family physician or any of the following CLSC locations of the CISSS de l'Outaouais:

<b>Gatineau sector</b> CLSC la Gappe <b>819-966-6550</b>	<b>Hull sector</b> CLSC St-Rédempteur <b>819-966-6510</b>	<b>Aylmer sector</b> CLSC Le Guerrier <b>819-966-6540</b> <b>p.337082</b>	<b>Collines sector</b> CLSC La Pêche <b>819-459-2610</b>	<b>Buckingham sector</b> CLSC Vallée-de-la- Lièvre <b>819 986-9917</b> <b>postes 0</b>	<b>St-André-Avellin sector</b> CLSC Petite-Nation <b>819 983-7341</b> <b>postes 0</b>
