

<b>Policy Statement</b>	
	
<b>Policy No. B-7</b>	
<b>SUBJECT:</b>	Use of Insecticides/Herbicides/Fungicides and Fertilizers on School Board Properties
<b>Approval Date:</b> March 29, 2005	<b>Resolution No:</b> C-04/05-216
<b>Revision Date:</b> September 27, 2022	<b>Resolution No:</b> C-22/23-20
<b>Origin:</b> Buildings Committee	

**1. OBJECTIVES**

To regulate the use of pesticides (eg. to control insects, rodents, poison ivy, etc.) and formalize the communication with stakeholders.

**2. REFERENCES**

The use of pesticides is regulated in the Pesticides Management Code (<https://www.legisquebec.gouv.qc.ca/en/document/cr/P-9.3,%20r.%201> )

**3. POLICY**

The use of pesticides, even those sold to the general public, can have a significant impact on health. Anyone using a pesticide on Western Quebec School Board property is responsible for complying with the Pesticides Management Code.

Communication from the Director of Buildings and school administration to staff and parents must be done in writing prior to application of the treatments.

The use of professionals with the appropriate permits is mandatory.
